## Karimnagar Parliamentary Candidate Velichala Personal Development and Welfare Manifesto

I, Velichala Rajender Rao, am contesting as Member of Parliament for Karimnagar Parliamentary Constituency Candidate from Congress Party and hope for each and every one of your support.

As with every election, parties and individuals propose short term, medium term and long term promises to the people for their welfare and development. If the party wins, they strive to make their promises a reality.

**Apart from the proposed party plan, I also want to propose my personal action plan before the people of my constituency. I promise on God and my family that I will make continuous efforts to implement it. Before going to the election itself, I will do some work to prove my intentions to you. These will be substantial. After winning the election, I will do many more things which will prove my dedication to the betterment and development of my own people.**

I hope I have your support and blessings for this unique endeavour of mine which will go a long way in making Karimnagar a one of a kind constituency in the country.

“Using technology and best practices, with self-discipline and commitment, let us all together fly high, our flag on our own Elagandula Kota”

Yours Karimnagar son

Jai Jai Velichala

Using Technology and best practices, for the first time in the country, I will make an App especially for the development of Karimnagar parliamentary constituency - "Karimnagar Sahayak App". All the information related to our constituency will be included in this app. I will receive your suggestions, problems and complaints from the people through the app. A call center system will be set up to respond and resolve issues and complaints as quickly as possible. Through the app, people's issues and complaints will be received and monitored with an experienced and well- trained team until they are resolved. This app works to solve various sectoral problems. For this, I will connect the government departments of the Parliament constituency with this app. I will make the app with the most stringent security features, so that only the voters of Karimnagar Parliamentary Constituency can use it and data shared by them remains secure.

### Problem solving in quick time

Apart from identifying people's problem, the system will work continuously and will be set up to solve the problem in a timely manner. Even without government involvement, not through government departments, but on my own, with my team, we will monitor the issue, until it is resolved.

### Any time-any place-any problem

Any problem can be solved very quickly from anywhere, anytime through the app. People can register their problems from mobile and laptop. You can track the status of the resolution of your concern in real time.

### Setting up a call center

For the development of Karimnagar Parliamentary Constituency, I will set up a dedicated call center service with a toll free number. The call center will be integrated to the app and people who are unable to register their issues can use the center to create and monitor their concerns. In this center, we will have experts who have thorough knowledge not only about various government departments but also the tasks expected from private corporate organizations and they will give you the right advice and suggestions to solve your problem. The guidance will be provided free of cost. People can talk to them directly. Let it be a tool for solution.

### Escalation of the problem to concerned authorities

The call center representatives try to identify the complaints made by people through the app and route them to the correct and correct government department officials. This saves

Jai Congress  
Jai Jai Karimnagar

people the hassle of going to different departments on a single issue. The problem will be solved much faster. If the problem is likely to be delayed by the government, it will be resolved through my own efforts.

## Security

The app we create will have the most stringent, worlds best security features.

The app will have all kinds of safeguards to protect people's complaint data and privacy. This app is designed in such a fashion so that even rural people can use it on their own.

## Transparent communication

From time to time, transparent information about the complaints collected through the app will be sent to the complainants in the form of messages. The call center team will continue to share information with them until the issue is resolved.

## Why does Karimnagar Parliament need an app?

We will create this app keeping in mind the people of Karimnagar Parliamentary Constituency. My desire is to make the guarantees of Congress and my personal guarantees available to everyone. A constituent should not have to forgo something for the lack of information. My idea is to provide the solution to your problem at your fingertips.

Our effort is to make a system so that you can solve your problem yourself and create a golden future with the help of technology at your fingertips without depending on anyone, without going around government departments. What I want to do through my manifesto, will all be available and accessible through the App.

My motto is to break new ground in the development of Karimnagar Parliament with the help of technology. For that I will use the best technology available all over the world. I will involve people in this development yajna. I will create a system so that complaints received through the app can be resolved day by day in coordination with private corporates and government departments. By this I will connect all the things that I want to do for you. I will implement this activity in such a way that the whole country will look towards the Karimnagar Parliament.

In this yajna to make Karimnagar a model for the country, we value your suggestions to provide better services to the people. We believe that people's opinions are the basis. Let us all join hands and move forward with Velichala Vision-2029. Let us transform our Karimnagar into Kohinoor Karimnagar.

# Karimnagar Innovation, Development, Start-Up, Investment Fund KIDSIF (K-HUB)

For the first time in our country, we are introducing a one-of-a-kind investment fund in Karimnagar Parliament Constituency, paving the way for the development of young minds. With this, those who want to start startups can bring their ideas to life with the Karimnagar Startup Investment Fund. New innovations will be encouraged and helped to become the new age unicorns.

## Details

<b>Fund Amount</b>	<b>: Rs. 5 crores</b>
<b>My Personal Contribution</b>	<b>: Rs. 1 crore</b>
<b>Collection of investment from others &amp; Government</b>	<b>: Rs. 4 crores</b>

## Mission

Our mission is to invite young entrepreneurs in Karimnagar Parliamentary Constituency, welcome their new ideas and innovations, identify new ventures and provide them with appropriate support and financial investments. In addition to this, our main purpose is to work for the development of start-ups by providing suitable platforms for mentorship and partnership with new investors. New thinkers and aspiring entrepreneurs can share their new products or business ideas through Karimnagar Sahayak app. In this, they can submit their projects. This app is designed to streamline the application process. Therefore, your proposals can be sent to us with complete security. The projects will be reviewed by a technical committee setup only for this purpose.

## Monthly Pitch Meetings

Selected candidates will have the opportunity to participate in our monthly pitch meetings. Through this you can tell your vision. Get feedback. Get funding and equity for your venture. We will engage various leaders from the industry & corporate sector. You can express your views objectively and transparently and walk out with investment and confidence with the hope of a bright future for you and your community.

## Fund Methodology

Financial investments will be provided as much as necessary, until your ideas become reality. Allocation of profits: 25% of the fund's profits from successful ventures will be reinvested into development programs in the Karimnagar parliamentary constituency. We contribute to

Jai Congress  
Jai Jai Karimnagar

development through innovation & enterprise. For the first time in the country, I will work hard on real development. This paves the way for the progress of our Karimnagar. Makes us all proud too.

## Why KIDSIF (K-HUB)?

**Financial Support:** To bring your innovative ideas to life, to provide the necessary financial support - to improve investment opportunities.

**Guidance:** You will be guided by senior professionals who are highly experienced in the respective industry. They act as your teachers.

**Social influence:** Part of the profits from these will be re-utilized for the development of Karimnagar Parliamentary Constituency. So, that people's lives will be better. You will feel the happiness of fulfilling your social responsibility of serving your native place with this work.

You are an innovator.  
The sky is your limit.  
Go on and Grow. We are with you!!

Let's implement new ideas together.  
Let's gather the youth.  
Let's welcome innovation.

Let's pave the way for innovation with the Karimnagar Innovation, Development, Startup and Investment Fund KIDSIF (K-HUB). Let's start a new journey. Let's stand together. Let's win together, let's show the glory and influence of our Karimnagar to the world.

## **Competitive Exam Studies / Coaching / Student Fund**

- I will arrange to give laptops as reward to class 10th and intermediate toppers within the constituency.
- Every year, I will select five talented students from each constituency and arrange admission in famous coaching centers like Sri Chaitanya, Narayana, FITJEE and pay fees at my own expense.
- For those who are preparing for civil service exams, I will arrange admission in corporate institutions like VAJJIRAM(DELHI), RAO's for one person from each segment and pay their fee.
- State toppers (including top ten rankers) from the constituency will also be given a reward of one lakh rupees. I will extend my maximum help, to the extent possible, to the students studying engineering and medicine as well. Education not only enlightens the lives of common people but also improves their standard of living. I swear on Goddess Saraswati that I will work hard to liberate our students through quality education.
- I will support the provision of quality education in local government schools, classrooms with all facilities and toilets especially for girls. I will work hard to have English teaching and vocational education in particular.

**“Pratibhaku Pattam – Naipunyaniki Avakasam”**

## **Visvesvaraya Skill Training Centre**

- We will assist them to start their own business, gain employment and become financially sustainable.
- We will connect both these centers with the best of the best corporate companies like Bosch, Tata, L&T, Dr Reddy's etc.
- I promise to contribute to the development of living standards with good salary and skills required to work in big malls.
- I will shed light in the lives of the VishwaBrahmin brothers and initiate programs with great dedication for their upliftment.
- For all the interested people and especially for the skilled caste workers, we will provide the training in the area of their choice from the below:

## Udyogala Jaatara – Nirudhyogulaku Pandaga Mega Job Mela

I will organize a Mega Job Mela in Karimnagar once every six months at my own expense.

Multi-National Companies, Institutes, Bankers, Traders, Builders, Government and Private Companies will be invited to come. The students and unemployed can participate in interactive sessions and job interviews with those companies, and get opportunities and placements.

Competitive Exam Books, TOEFL, GMAT, GRE, Civil Services Topper Interview Books, GK Books will be distributed for free in these Melas.

## Uchithanga Nerchuko – Brathukune Marchuko Free Driving Schools

I will arrange a free car for the young men and women of each assembly constituency to learn driving.

I will also arrange one simulator machine for each assembly segment. Seven units will be given to seven segments of Karimnagar Parliamentary Constituency.

MLAs and party in-charges will supervise those units.

## Ensuring a happy old age Care for the Elderly

They say how you take care of your elderly shows your true progress as a human being. In my mind, it is our responsibility to help the old and immobile live out their last few days with self-respect and dignity. I will set up 7 old age welfare centers in 7 constituencies for our parents, grandfathers, mothers, grandmothers, and grandmothers who are suffering from many difficulties, disorders and sufferings in old age.

I will start with one center in the first year and set it up in 7 constituencies in 5 years. I will personally give 50 lakhs to a center and collect funds from donors for space and other needs and plan to build them and run them successfully. Innovative care methods will be employed such as providing games, songs, TV movies along with good accommodation, nutritious food, medicines.

## Chaduvu Moodava Nethram – Chaduve Gnanapeetham Savitribai Phule Rural Libraries

In the modern world, with the widespread use of smart phones, tablets, laptops and computers, book reading has decreased. Reading books, newspapers and magazines enrich the intellect and help people grow their personalities.

In this regard, I am inspired by the teacher "Mamata Singh" in Amethi constituency, Uttar Pradesh. The libraries she established spread knowledge not only to children but also to adults.

Those libraries are famous for being open throughout the year regardless of the season.

I will visit Amethi with the retired librarians of our area to inspect the libraries there, discuss with Mrs. Singh, and try to open the same model in remote villages like Gambhiraopet, Ella Reddy Peta, Veernapalli, Katlapur, Chandurthi, Konaraopet in phases. I will start these libraries at the hands of Mamata Singh.

## Manase Mandiram, Dhyaname Sundaram Spiritual Conferences and Meditation

Me and my family are very religious. We always come forward for the development of our temples, for the convenience of the devotees, and do our best to help them. My main objective is the development of temples in Karimnagar Parliamentary Constituency. Earlier, my father Jagapati Rao and my elder brother Ravinder Rao were also involved in this. As far as I know, during his lifetime, he used to help the temples without any hesitation. My father donated Rs.5 lakhs to the temple run by Pawan Laxman in Nagunur. He helped the Shiva temple at Kapuwada in Karimnagar with a Sivalingam and Naga Paduga. He used to send Rs. 20,000 to the Vemulawada Rajannaswami every Shivaratri along with a silver Naga Padaga and Shivalingam every Shivratri.

“There are many things that are done without my knowledge too, by him. My mother Saraladevi gave some of her

offering help to Kondagattu and Annavaram Satyanarayana Swami temples. In our village Gundi, both my father and elder brother helped Venugopala Swamy Temple. In the past, I offered Rs. 10 lakhs to Tirumala temple, Rs.5 lakhs to Shirdi Saibaba Temple, Rs.2 lakhs to Peddamma Thalli Gudi in Jubilee Hills, Rs. 1 lakh to GopanPalli Temple near my farmhouse in Hyderabad and Rs. 1 Lakh to Gaulidoddi Temple near my farm house. I have donated Rs.5 lakhs to the temple established by my co-brother Siddharth in Guntur district. For our favorite deities of Karimnagar, I would like to offer Rs.25 lakhs to Vemulawada Rajanna Temple and Kondagattu Anjannaswamy Temple Rs. 10 lakhs, Rs.5 lakhs for the Venkateswara Swamy temple to be built by TTD in Karimnagar town, Rs.5 lakhs for the Venkateswara Swamy temple at the market in Karimnagar, Rs.3 lakhs for the Saibaba temple in Karimnagar, Rs.3 lakhs for the Gidde Perumallu temple in Karimnagar, and Rs. Rs.3 lakhs for Ayyappa

Swamy temple, Rs.3 lakhs for Vishwabrahmal Temple, Rs.3 lakhs for Kothakonda Veerabhadraswamy Temple, Rs.3 lakhs for Kothagattu Macchagirindraswamy Temple, Rs.3 lakhs for Sri Sitaramachandraswamy Temple known as Apari Bhadradi in Illantakunta, (in Jammikunta) Rs.3 lakhs Lakhs, Rs.3 lakhs to Thigalaguttapalli Kodandaramaswamy Temple, I swear on my parents in front of all of you that I will give my share to the best of my capacity for the development of these and many other temples.

I assure you all that I will continue to work tirelessly for the development of temples in the constituency regardless of elections. I will work with an activity called Sarvejana Sukhinobhavanthu along with chanting of Sri Rama and Jayarama. While being happy and appreciative of the Ram Temple, I will work towards the establishment of Ram Rajya along with the Ram Temple. Venerable Valmiki has explained in Shrimad Ramayana how Rama Rajya will be the establishment of equal society, equal opportunities, comfort, security, welfare, and riches. The establishment of Ram Rajya is my aim, my goal. I swear I will make it possible and show it if you all give me one chance.

Twice in a year (once in six months) I will make all the arrangements at my own expense so that 20 thousand devotees can listen to spiritual discourses at one constituency center.

I promise that I will arrange for devotees and spiritual listeners the opportunity to listen to divine thought, spiritual, mythological sciences, teachings of Vedic Upanishads, Bhagavata, Bharata, Ramayana, Shiva teachings, at their own town and at their place of residence.

I humbly and sincerely pledge to all of you that I will invite spiritual and philosophical leaders like Jeeyar Swami, Shankaracharya, Garikapati, Chaganti, Kumar Vishwas, Sri Sri Ravishankar, Sadguru Jaggivasudev and give you the fortune to listen to their teachings and philosophies along with their Darshana Bhagyam.

Every year, at my own expense, I will arrange for visit of Tirupati, Srisailam, Sabarimala Ayyappaswamy temples for about 50 devotees over the age of 55 years of age in the Karimnagar parliamentary constituency.

## Videshi Karmika – Vimana Prayanam Needhika Welfare of Migrated workers

“For the families of workers who have gone to Dubai and Middle East countries from Vemulawada and Sirisilla constituencies, I will provide air tickets via online lottery for five people to each constituency every year. All will be welcome to apply for this benefit through the Sahayak App.

## Chakradharulaku Ootham – Abhivruddhiki Darshanam Drivers Welfare

I will support the welfare of auto workers and taxi drivers. I will provide one auto and one taxi car by online lottery through the Sahayak App every year for each assembly constituency. Thus, 7 autos and 7 taxi cars for 7 assembly constituencies will be given to the winners for five years, 35 autos and 35 taxi cars. This opportunity is limited to the natives of their respective constituency. Only those with driving license are eligible to apply.

**Yuvathe Na Balam

## Free Mobiles for Youth

I will give special priority to youth below 25 years. Every year I will provide 4 mobile phones to the youth in each mandal through lottery. I will distribute 1,000 phones every year in 40 mandals, 6 municipalities and 200 phones in Karimnagar Corporation in the next 5 years. Thus, the youth can easily use the Karimnagar Sahayak app. They can take the control of their life into their own hands.

## Dr. B.R. Ambedkar Book Town - Karimnagar

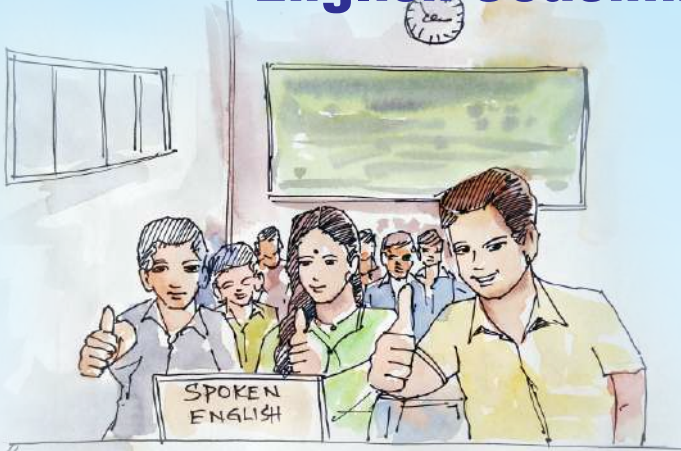

We will set up 100 MS fabricated small book kendras in our Karimnagar town – like in Perunkulam village of Kollam district – Kerala state. Initially I will donate some books. People can also voluntarily donate books to the Library Town. Anyone who wants to read a book or newspaper can read it there or take it home. But, they will replace the book they take home with another book or newspaper, magazine. It increases book reading in Karimnagar. It turns into a literary center in the inspiration of the most Revered Dr. B.R. Let's make our city a book town according to Ambedkar's ideas and ideals. The small Library kendras will be placed at bus stands, parks or other convenient centers. Pujya Ambedkar's blessings will be there from above for all of us in this endeavour.

## English Proficiency - Living Proficiency English Coaching Institutes

For proficiency in English language, English coaching institutes will be set up at Sircilla & Huzurabad in the first year. Later I will expand to other constituencies. Staff Salaries, Maintenance, running costs will completely be at my expense. We will also provide audio and video tools to learn and master spoken English.

## Adhunika Vyavasaya Gnaname – Telangana Rythu Vignanam Farmer Visits

Every year, technical visits will be arranged for farmers to reputed crop research institutes to learn about modern farming methods for quality & good yield. I, myself will accompany selected farmers from each Assembly Constituency in an air-conditioned bus at my own expense. I will bear all

the travel expenses, food and lodging expenses for this. The horticultural farmers will be taken to the University of Horticulture every year. In this way, I will give opportunity to different batches of farmers from time to time to improve their knowledge and also understand the upgrades they can do with technology, helping in their agricultural methods.

## Guddu Poshakam – Pala Uthpathi Rythulaku Labhadayakam Poultry & Dairy Exhibitions

Annual Poultry & Dairy Expo will be organized at Stadium Grounds, Karimnagar for the benefit of Poultry & Dairy Farmers. Famous scientists will be invited. There will be stalls of poultry & dairy farmers where they can display their produce. Feed manufacturers & poultry equipment manufacturers will showcase their new equipment. It is very beneficial for the farmers to have this kind of exhibition once a year to further their business and improve their productivity. Multiple benefits will accrue.

## Khelega Karimnagar – Dekhega Pura Desh Sports Development Programmes

For the development of athletics and other sports in the Karimnagar Parliament area, I will deposit one crore rupees in the bank under Corpus Fund. A committee will be set up to monitor the development of sports. Five physical directors, five from sports associations and one from sports authority will be members of this committee. This committee will strive to develop Sports in the constituency utilizing many other funds along with the fund I

In important town areas, I will install mega digital screens at own cost wherever available in ideal locations like Tower chowrasta, near circus ground or collectorate in Karimnagar town. I will arrange facilities so that people can watch important sports events for free. I will arrange for people to watch sports like IPL, T20, World Cup Cricket, World Cup Soccer, Olympics, National Games, Hockey, Basketball, Kabaddi etc. for free.

My goal is to see an international cricket stadium built in Karimnagar. This was also my Dad's dream. I will request State Government, Hyderabad Cricket Association President through Jagan Mohan Rao who is a close friend of mine for the land and allotment of funds for the cricket stadium. As soon as the land is allotted, I will donate one crore rupees of my own funds for the construction of this stadium. I will get some amount from the state government and some money from BCCI. I will try and organize a benefit match for cricket stadium funds with top cricket players in India and generate funds via the match collections and TV rights, sponsorships. It is my responsibility to see that Karimnagar has an international standard cricket stadium with all modern amenities.

We promise to set up 2 to 3 training facilities for high class sport at Karimnagar on par with Netaji Subhas National Institute of Sports at Patiala.

## Cricket Mana Matham – Karimnagar Abhimatham” Development of Cricket

My father, Velichala Jagapati Rao was the President of Karimnagar District Cricket Association for many years. His love for cricket was unmatched. He always wanted someone from Karimnagar to play at the national level sport. With his inspiration, I will give suitable training to the athletes and cricketers in our district. My plan for this is to first create the eco-system for players to flourish. Part of that, is my first step of organizing sports tournaments.

- I will organize a District + Constituency level IPL style T20 tournament every year as a Champions League.
- Also, each assembly segment will have its own Mandal T20 Leagues whose players will be the only ones eligible for the District League.
- Player selection in these Mandal/Municipality Leagues will be via auction. Players are valued based on their talent and are bought in auctions.
- Out of the playing 11, 3 players from other regions are allowed but 8 players have to be from each team’s own mandal.

- Kothapally Wildcats

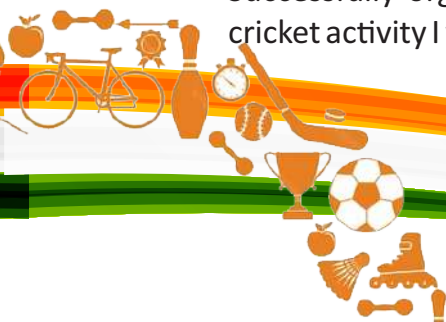

- These players and teams are mentored by ex-cricket players and coaches.
- All matches will be streamed on online platforms.
- Athletes and teams who have performed well in the Mandal and Municipality leagues will have the opportunity to represent their segment in assembly constituency/district level champions league.

## Municipality League T20 teams

- Kothapally Karnas
- Huzurabad Hi-flyers
- Jammikunta Jabardast
- Husnabad Haulers
- Siricilla Stallions
- Vemulawada Warriors
- Karimnagar Corporation Commandos

To celebrate the success of the players in the lower leagues, a grand mega tournament is organized every year.

- This district/constituency level champions league T20 will be broadcasted to a huge audience. So that, IPL scouts and team owners can see the performance of the players, recognize, and appreciate talent and give them a chance.
- The winner of the Inter-District/Constituency Champions League will have a prize money of Rs 1 crore and corporate ownership. I offer this every year.
- For the mandal level IPL, 10 Lakh prize money and for the Constituency level IPL, 25 Lakhs prize money will be offered by me.
- KPL, TNPL etc are popular and of almost international standard. Our dream is to have our own Telangana Premier League. My younger brother, Mr. Velichala Agam Rao, is the President of the Cricket Association after my father. He is passionate about cricket. Successfully organized T20 League in Telangana. He will fully support me for all the cricket activity I wish to organize.

# Prajaseve Maa Jeevitham Karimnagar ke Memu Ankitham

**My father, Velichala Jagapati Rao lived all his life with the Karimnagar people in his heart. His political achievements are many.**

1. In 1972, when he won as MLA for the first time from Jagitial, 121 villages out of 138 villages in his constituency did not have electricity supply, but in 1977, 100% electricity supply facility was provided to all the villages. Such development did not happen anywhere in the whole of Andhra Pradesh. In fact, this did not happen even in the then Chief Minister's constituency. It was a success greatly appreciated by everyone.
2. He created jobs for 2000 people during 1972-1978 when he was the Chairman of Markfed. This is one of the biggest achievements in the 60-year history of Markfed.
3. Fresh water supply scheme for Karimnagar - In 1989, he won as an independent MLA from Karimnagar and provided drinking water facility to Karimnagar in a way that was both pioneering and everlasting. Since the last 40 years, the town of Karimnagar has been thriving due to the water supply project he envisioned and executed. Even today, Karimnagar continues to mourn for the sacrifices he made.
4. He got a 220KV substation installed in Durshed which completely solved the power supply problem and brought new light into peoples lives in that area.
5. The Iconic circus ground was achieved due to him. He also protected it till his last breath.
6. He was the one who established the first Lorry Association in Karimnagar.
7. Established Autonagar.
8. Got land allocated for the Press Club.
9. He provided NGOs with land, roads and basic amenities.

These are just a few! Apart from these, he has many, many more achievements which are remembered by the people of Karimnagar. There is no one who can say they haven't been touched by his gestures both political and personal. His achievements can be regarded as some that no one else had achieved in the state at the time.

All the time he was fighting and living for the sake of the people. Every second, he lived in public service. He won as an unblemished, untainted, untarnished honest man, and has remained in the minds of the people today.

# My Sincere Request / Plea

## Dear people of Karimnagar!

My father Velichala Jagapathi Rao wanted to make Karimnagar parliamentary constituency a model in the country in all fields. This was Velichala Jagapathi Rao's wish and hope. In his long political career, he was a flawless leader and developed Karimnagar to the greatest extent possible by him. I request you to bless me in the upcoming elections as his political successor to carry forward the aspirations of that great man.

I am coming to you from a family that is free from corruption, lies, stains, and jealousy. I was born here in the Mission Hospital and grew up as one of you. Tomorrow I will die on this soil knowing its my place. This personal manifesto reflects my love for the people of Karimnagar Parliamentary Constituency.

You have already given a chance to BRS and BJP, experience their governance and rule. I humbly request that if you all give me a chance, I will show you what real development looks like.

An incredible dream is within sight, to make it come true, I swear in front of all of you that I will perform this most sacred work with the utmost loyalty and undertake all the tasks with unrelenting efficiency to make the dream of my father, Velichala Jagapathi Rao to take Karimnagar to the highest level and keep it at the pinnacle.

I will beautify Karimnagar with lights of progress.

I humbly request everyone with folded hands to support me to perform this grand effort and fulfil the wish of my father Velichala Jagapathi Rao and bring his soul to rest.

He always used to tell me "Family is not your wife and children, come - all the people of Karimnagar are our family. He used to say that we should always be with them and they should always be with us, this is the divine decree - this is the reality. That's why you all are my soul mates... my living Gods.

I don't care about money. I am happy with what God has given me. All the people of Karimnagar know that our family had 100 acres of land in Karimnagar town itself. But today it has been cut down to 5 acres, you all can understand why. We survived without a single stain of corruption. We remained like that. Then, now, and always.

When I contested from Chhoppadandi as an MLA, you supported me by giving me 30 thousand votes. When I contested for Parliament from Praja Rajyam, you gave me close to 2 lakh votes and showed your love for me and my family. Twice I should have been here in your midst and shared my ups and downs with you, but I confined myself to Hyderabad because of my duty to my family and children for which I apologise to you. No duty is bigger than the duty of the people. My family and I realise this but also deeply regret that we haven't been there with you earlier.

## "For this, I apologize"

There is no greater punishment than regret.

I am 62 years old. My two children got married. By God's grace they are settled well. In accordance with the ideas of Peddayana Jagapathi Rao, I decided to join the Karimnagar family.

"For the rest of my life I will be in your service till my last drop of blood...I will live in your midst..."

Born in Mission Hospital, studied in St. John's, did MBA at Sathavahana University, Karimnagar. I was born on the soil of Karimnagar. I will die in the soil of Karimnagar.

**"I have come before you because I know you will understand and support me. If I cannot fulfill your wishes, you can crucify me in the stadium ground."**

**"Give me one chance! Will work with only one ambition, one goal! I will prove that! Lets convert Karimnagar into Kohinoor Karimnagar!"**

**This is my goal and this is my destiny, to be with you.  
Your Karimnagar Son...**

Your ardent friend and servant
